If you **DO NOT** have a Bidvest account, contact your local branch to request a credit facility.

Fully control your business with Bidvest

- These customer specific websites allow you to review information in your local Bidvest branch.
- View your transaction history.
- Create and submit electronic orders.

Registration made easy

Complete the registration form including your Bidvest account number:

- Go to findfoodfast.com.au or findhospitalityfast.com.au
- Click 'Register Here' under the website you wish to register for.
- Await email access confirmation.
- Email confirmation provides secure access via login and password.
- Registration allows you to control individual access levels.

Product search & details

- 'Quick Search' facilitates search by either product line, brand, or product code.
- 'Advanced Search' further narrows the search for specific product requirements.
- 'Product Information' lists the products ranged by your Bidvest branch.
- View product details for current or past orders.
- View previous six months' order history.
- Inventory and personalised price information is updated daily.
- Stock on hand is updated every 10 minutes.

Order forms & creating an order

- 'Order Templates' provides the ability to create an order form.
- Create an instant order form based on previous purchase history via 'Auto Order Form'.
- Create and save an order form via 'New Order Form'.
- Import an order form from your PC via 'Import Order Form'.
- Products can be easily added to or deleted from your order basket, and quantities changed at any time.

Sending an order

- Order checkout page enables you to finalise your order.
- Personal order reference or codes can be entered for tracking.
- Ability to specify your delivery date.

iPhone Application

ifindorderfast

- Allows customers to order via an iPhone.
- Access the App Store, download the FREE ifindorderfast iPhone App by searching "Bidvest".
- Available for customers with a findfast login, password and an iPhone.
- Customers must have created and saved order forms in their findfoodfast or findhospitalityfast account/s.

Available on the
App Store

Navigate your way around by selecting 'Help'.
You can download and print off a user guide.

Transaction history

- Previous 12 months transactions will be loaded when you register.
- View all transactions using a date range of up to two years.
- View specific orders, invoices or credits, or search for all transactions within a date range.
- 'Previous Purchases', 'Usage' or 'Stocktake' reports can be exported to Excel.
- 'Previous Purchases' also includes the amount of GST paid on products.
- View your financial statements.

Online Product Reference Information (OPRI)

- OPRI gives you the ability to view and download product data:

Foodservice	Hospitality
- Ingredients	- Product Image
- Nutritional information	- Dimensions
- Allergens	- Material
- Dietary requirements	
- Product image	
- Link to the manufacturer's own website	
- Detailed information on food preparation suggestions, handling, and storage recommendations.

OPRI

Online Product Reference Information

Planning and costing

Foodservice

- Create your own recipes and menus.
- View a variety of costs for the recipe or menu.
- Adjust the number of servings or price for recipes and menus to obtain a cost or sale price per serve/ gross margin.
- Recipes can include utilities or labour costs which can be factored into the equation.

Hospitality

- Create and cost settings for a table or a whole banquet.
- Adjust the number of servings or price to obtain a price per serve (per head) and/ or gross margin.
- Utilities or labour costs can be factored into the equation.
- Enable control of capex expenses.
- Monitor costs of fixtures, fittings and equipment (FF&E).

Online payment

- Fully secure credit card account payment facility.
- Allocate the payment according to your latest statement.
- Access to payment history and reporting reconciliation.
- Other automated payment options available:
 - Direct Debit (contact your local branch for more details)
 - BPAY (check your invoice for details)

Multi-warehouse login

- Link your foodservice and hospitality accounts to view them via one login ID.
- Switch between warehouses and accounts to display all information.
- Product information, order forms, transaction history and previous purchases will be relevant to the selected warehouse.
- Create a single order basket of hospitality and foodservice products, which when submitted will be separated out and sent to the appropriate warehouses.
- Multi-warehouse link available upon request. Send an email with foodservice & hospitality account numbers to ecommerce@bidvest.com.au
