

The world of Comcater!

We bring you the world's leading brands in commercial foodservice equipment.

Comcater delivers innovative foodservice solutions by keeping abreast of current and future trends from around the world.

Comcater's product range extends from major lines of equipment to cooking utensils and accessories, with quality being the common component we always look for in the products we represent. However, our success is dependent on much more than our product range. Comcater offers expert advice, total service support and training when and where you need it most. We have the ability to service your needs 24 hours a day, 7 days a week, anywhere in Australia.

Our independent dealer network provides you with a high level of service and sales advice. Whether you are considering updating equipment or planning a new kitchen, Comcater has the network, the people and the skills to advise you of the best equipment to suit your specific needs.
