The KR Castlemaine™ brand has a rich heritage in Australia, beginning with the introduction of the KR brand of hams and bacon in 1911. Still produced at Castlemaine in country Victoria in one of the largest smallgoods production plants in the Southern Hemisphere. Complementing the KR Castlemaine™ selection is the Don® range of continental-style smallgoods. Since its establishment in 1949 Don® has stood for authenticity - many of the manufacturing techniques and recipes Don® uses today originated in Europe over a hundred years ago.
